Education

School of Planning and Architecture, Vijayawada — Vijayawada, India
Bachelor of Planning, First Class with Distinction (CGPA 7.74/10) — *2018 – 2022*

Experience

GIS Associate — Sep. 2026 – Present
Artelia Consulting Engineers, on site at APIIC — *Andhra Pradesh, India*

- Our team's main contact with APIIC for parks under BHAVYA, the Government of India's industrial park scheme, including one of about 500 acres worth INR 466 crore.
- Coordinate client requests and deadlines, presentations, 3D walkthrough content and GIS support.

Operations & Development Lead — Jun. 2022 – Jun. 2026
Planning Saga (VBJ Consultancy Pvt. Ltd.) | *Walkthrough* — *India*
Previously GIS Associate and Senior Associate & Technical Lead at the firm

- Led all work on the ground in India for four years while the founding partner was based in the Netherlands.
- Delivered 1.5M+ attributed land parcels in 35–40 cities on five continents for a metaverse real-estate platform.
- Designed our 10-stage delivery process with quality checks at neighbourhood and city level, wrote the procedure for each stage, and set up how every city was prepared, including research on local property prices.
- Automated the rule-based steps in Python, Apps Script and Google Maps APIs, designing the logic and building it with AI help. Address work fell from 1.5 hours per 1,000 parcels to one 15-minute run, about 1,500 hours saved.
- Managed up to three cities in parallel as projects in ClickUp, with stage checklists, time tracking and progress dashboards, and planned them with a capacity and deadline model whose finish dates held to about 95% accuracy.
- Hired and trained 20+ people from about 100 interviews and assignment tests, kept a core team of about ten, and wrote the documentation and tool manuals the team worked from.
- Main client contact for over three years, with weekly progress reports; drafted the pre-final service agreement.

Guest Faculty, GIS & BIM (part-time) — Aug. 2022 – Oct. 2022
RVS College of Architecture, Chennai — *Remote*

- Planned and taught a weekly course on GIS and basic BIM for M.Arch students.

GIS & Data Visualisation Intern | ***Project page*** — Apr. 2021 – May 2021
World Resources Institute India (WIPRO Earthian programme) — *Remote*

- Visualisation of 1,681 fatal road crashes in Mumbai (2017–20); credited in *Road Accidents in Maharashtra – 2020*.
- Pedestrians were 47% of road-user deaths in 2018–20, and six of the 24 wards held 41% of all fatalities.

Projects & Competitions

More on my **Portfolio**

Earthquake-triggered landslide hazard, Aizawl district | *B.Plan dissertation, grade A, Live model* — 2022

- Built a landslide hazard index and an earthquake index in ArcGIS Pro and overlaid them across the district.
- About 40% of the 402 GSI-recorded landslides fell in the two highest hazard classes, 3.4 times their share of area.
- Picked Tlangnuam as the priority tehsil and proposed a relief plan for Aizawl city.

Address-order checker, central Helsinki | *Lab experiment, Live map* — 2026

- Five address checks on open OpenStreetMap data, built with AI help; they caught 248 of 250 planted errors.

The Reverse Origami Structure of Japanese Locations | *Cartography entry, GIN GeoBuzz, Map* — 2024

Design it Accessible: Kochi Smart City | *2nd place, NOSPLAN '22 (NIUA)* — 2022

- Presented our universal accessibility design at NIUA's national workshop on disability inclusion, New Delhi.

East Kolkata Wetlands practice applied to Pallikaranai marsh | *1st place, NOSPLAN '21* — 2021

Technical Skills

GIS & Spatial: QGIS, ArcGIS Pro, digitising, topology checks, multi-criteria analysis, network analysis, cartography
Code & Data: Python (pandas, geopandas), Apps Script, SQL, Google Maps APIs, GeoJSON, AI-assisted development
Tools: ClickUp, Google Workspace, AutoCAD, SketchUp, Adobe CC, MS Office
Courses: Spatial Data Science in Urban Planning (TU Delft), Code in Place (Stanford), NASA ARSET remote sensing
Languages: Telugu (native), English (C1, IELTS Academic 7.5)
